## **Introduction**

In this short guide I share 65 high paying affiliate programs in 20 different high-ticket niches that you can promote to make huge commission cheques.

And not just the niches but the most profitable affiliate programs in those niches too.

It takes just as much time and effort to promote a high end product as it does a \$7 ebook

And refund rates with expensive products are much lower as when people make a big purchase they tend to have thought it through properly rather than done so on impulse.

There's a wide range of products here in a variety of different niches ranging from private jet and yacht charter to rich man sports like golf, emerging new niches like drones and even gold prospecting.

All these niches have one thing in common, they pay high commissions AND have big demand.

You'll find the niches and you'll find some affiliate programs you can apply for and promote.
