230 PROFITABLE AMAZON AFFILIATE NICHE IDEAS
even if you’re new to online marketing and DON’T KNOW how affiliate marketing works yet

In case it’s not clear, a “niche” is just an online marketing term for saying a “profitable topic” for your website / business.
Meaning that people who are interested in this “niche” or topic buy products online, and from Amazon.

Each of these 230+ niches has been hand-picked by myself and verified as being profitable based on the following criteria...

1. There’s thousands, or even 10s of thousands, of products available on Amazon.
2. There are a wide range of products from inexpensive to expensive.
3. There are plenty of expensive products that pay a good commission per sale.
4. The products sell in high volumes as verified by the number of ratings and reviews on Amazon.
I use a mix of manual research, years of experience, and premium tools to come to these conclusions.
If you want to verify this information simply go to Amazon and search for any of the niche ideas below.
You'll see they have a wide range of products in different price ranges, expensive products, and lots of reviews.

And here’s the deal...
If you are struggling to come up with a good topic / niche for your website or business, simply picking one from this report is a good choice.
And the great thing is, most of these niches are NOT limited to just promoting products from Amazon.
Most will also have products on platforms such as ShareASale.com, CJ.com and Clickbank.com

Just to be super clear...
This report is filled with NICHE ideas.
They are NOT intended to be keywords you can rank in Google for.
And they are NOT specific product ideas you can promote.

Here’s why...
When picking a topic to create an online business or website around you should NEVER limit yourself to specific keywords or a single product.
It's too limited and too small time thinking.
You'll struggle to grow the website into a real business later.
And your income will be severely limited.
So always pick a wider ranging “niche” or topic like the ones listed in this report.
It will mean you can grow your traffic and maximise your income over time.

Now here’s the 230+ profitable Amazon niches...
